

Content Management

Reduce Paper Storage and Retrieval Times

Document management helps you convert to a paperless office environment and can lead to incredible cost savings which includes the complete elimination of paper storage, the reduction in retrieval times, the lessened risk of losing data and more.

Business Document Lifecycle Management

From capture to destruction, our content management team can help ease pressures of regulations that dictate that your critical documents are securely stored yet available at all times.

Accelerate Key Business Processes

We design and implement modular and scalable solutions that help increase customer responsiveness and reduce turn-around times with open technology standards.

A Complete Digital Library

Rest assured that your data is safe. We can help you integrate your paper documents using most scanning devices and upload electronic files such as Microsoft Office, audio, video and many other files.

Advantages

Cost Savings with Searchable Indexed Files in a Structured System

Disaster Recovery of Your Customer Records and Important Data

Increased Security for Your Business Information Systems

Business Process Management that Provides Real Savings

Partnerships with Leaders in Document Capture Solutions

Solutions Approved by Critical Document Regulations

Scalable Solutions to Fit both Small and Enterprise Business

CONTENT MANAGEMENT

Business Data Process Solutions that Make Sense.

Document Management Systems

PERRY proTECH's Content Management team will help you assess your organization's data processes to provide greater efficiencies by reducing the complications of storing, routing and retrieving your documents.

Electronic Forms and Variable Data Printing

Replace pre-printed forms with electronic forms you can easily customize. Reduce your costs in printing invoices, statements, delivery documents and other forms you use every day.

Document Capture and Routing

Convert paper to electronic documents and distribute scanned documents to multiple fax numbers, email addresses and network locations with professional, efficient solutions.

Network Fax Solutions

Meet the challenges of your business by integrating and automating fax and document systems.

Improve Business Document Workflow

We offer multiple systems that handle document routing right out of the box with minimal configuration needed. Plus, we have highly-trained support staff available as you need.

Interactive Smartboard Solutions

Transform your business meetings and presentations using interactive smartboard technologies for versatile collaboration with brilliant color that provides greater communication power.

PERRY proTECH is a client-centered organization with a complete portfolio of hardware, software and specialized professional services. We make it our business to understand our client's needs and its direction, the complexities of their requirements, their processes and operating philosophy and their priorities. This way we can offer our clients business technology solutions that are tailor-made for their business. The Client is the driving force behind what we do at PERRY proTECH.
