

Managed IT

Adding Affordable Proactive Resources to Your IT Administration

System downtime, viruses, spam, spyware, loss of productivity – these distractions are unnecessary, time consuming and expensive. At PERRY proTECH, we understand this. We also know that businesses are constantly challenged by the task of managing the demands of business growth while coping with continuous technology challenges. Our focus is to keep your IT systems operational, available and secure so you can focus on the daily demands of your business.

Improved Control and Visibility into Systems

This strengthens your ability to demonstrate mandated compliance by automating IT tasks.

Centralized Reporting

Reporting provides efficient and complete audit preparation.

IT Security and Data Protection

Manage, protect, backup and restore with a simplified, reliable process.

Advantages

Consistency that Results in Predictable Costs

MANAGED IT

Our Technology Expertise is Your Competitive Advantage.

PERRY proTECH will help you fully leverage technology to run your business.

We can help you turn your data networks into an effective, efficient component of your growing business so you can focus your time and energy on expansion, cost management and increased revenues.

We offer a custom solution with options to make sure your IT needs are covered. PERRY proTECH Managed IT monitors IT systems key network device health and provides quick response to any problems at your facility. We'll minimize disruptions to your work environment by remotely resolving issues using secure connections. And, we'll come onsite for quick resolution as needed. Visits from our team shift from fixing problems to a partnership cooperatively managing your network's growth.

We're confident you'll find this service invaluable and will give you a two-week trial review under no obligation.

The complete detailed inventory and reports are yours to keep.

Call us today at 937.498.7080 to set up a business assessment meeting and give PERRY proTECH Managed IT a try.

"After months of working with a variety of computer technology companies, we found PERRY proTECH to be not only price competitive, but their IT solutions technologically ahead of the norm. From working out our computer needs, networking details, software integration and backup systems, PERRY proTECH's responsiveness to our specific business needs and competitive pricing is ultimately what sold us again, on maintaining our longstanding relationship."

John E. Beigel | Primary EyeCare Associates | Sidney, Ohio

PRO

PERRY proTECH is a client-centered organization with a complete portfolio of hardware, software and specialized professional services. We make it our business to understand our client's needs and its direction, the complexities of their requirements, their processes and operating philosophy and their priorities. This way we can offer our clients business technology solutions that are tailor-made for their business. The Client is the driving force behind what we do at PERRY proTECH.

This enables us to:

Understand the client by anticipating and responding to their needs

Provide value-added advice and guidance by analyzing client needs and resolving issues

Provide the broadest range and highest quality of products and services

Develop and maintain long-term relationships by actively listening to our clients in order to build trust and loyalty

Offer personal and professional service on everything we sell

Through teamwork, leverage our capabilities and resources to fully meet the needs of our clients
