

Managed Print

Control Your Office Print Environment and Expenses

Most businesses have no idea how much they spend on office printing. The amount of information that crosses our desks has skyrocketed and there is no end in sight. Office printing costs have seen significant growth and are difficult to quantify since they include cost of equipment, support and supplies that most likely don't work together and are spread out all over your facility.

We're Experts in Managing Business Printing

We've been providing office printing solutions since 1965 and understand your environment and challenges.

Continuous Monitoring

Our service is on-going. We develop a total print management strategy that fits your needs. We'll monitor your printing, provide reliable support, offer suggestions as needed and report any issues we uncover. Think of us as your Print Partner.

We Understand Your Office and IT

Our unique print and document solutions that are grounded by core infrastructure experience ensure that your office environment is working in partnership with your network to coordinate and optimize today's technology.

Consolidate Your Print/Copy Support Agreements

Partnerships with Leaders in Office Printing Solutions

Tools to Help you Take Control of Your Printing Costs

Proven Savings in both Small and Enterprise Business

MANAGED PRINT

Our Print Experience and Technology Expertise Provide Control.

Assess Your Current Office Print and Copy Environment

PERRY proTECH's Managed Print team will look at annual printing expenses, IT support time, print volume by device, performance and downtime, budget and capital expenditures, and your end-user issues and needs.

Complete Reporting and Recommendations

After analysis, we'll provide a complete report of your current print environment and costs. Additionally, we'll offer recommendations with projections of annual savings of time, materials and expenditures.

One Single Source of Print Management

We'll provide one monthly invoice that details costs and volumes by cost centers or printers if you choose. And, you'll have highly trained consultants and technicians servicing your printer fleet.

Data for Informed Decisions

Often an unexpected history of printing habits will emerge. This data will allow for better decisions on future purchases and upgrades, redeployment and printer retirement. We'll Measure and Manage.

Larger Print Strategy that Saves Money

We'll help with standardization on printing processes and models and provide guidelines for new deployment or reallocation. Current studies suggest you'll see at 25% reduction in consumables, 20% reduction in unscheduled maintenance and at 23% average overall cost savings.

Go Green

It really is possible to reduce costs and have a positive impact on the environment with Managed Print. We'll help you develop a green initiative that includes energy consumption, paper management, supply purchases and equipment recycling.

Call us today at 800.589.7370 to set up a business assessment meeting and give PERRY proTECH Managed Print a try.

PERRY proTECH is a client-centered organization with a complete portfolio of hardware, software and specialized professional services. We make it our business to understand our client's needs and its direction, the complexities of their requirements, their processes and operating philosophy and their priorities. This way we can offer our clients business technology solutions that are tailor-made for their business. The Client is the driving force behind what we do at PERRY proTECH.

This enables us to:

Understand the client by anticipating and responding to their needs

Provide value-added advice and guidance by analyzing client needs and resolving issues

Provide the broadest range and highest quality of products and services

Develop and maintain long-term relationships by actively listening to our clients in order to build trust and loyalty

Offer personal and professional service on everything we sell

Through teamwork, leverage our capabilities and resources to fully meet the needs of our clients
